Margo,

I usually get in around 8:30 give or take a few minutes depending on traffic and how quickly buses can navigate traffic from Edmonds to downtown.

Hi Burt and Brenda,

Thanks for bringing me up to speed on the project this morning. Attached you will find a draft work plan for your review. I'm sure there are many details that I'm not capturing, but I wanted primarily to identify the major action items over the next couple of weeks, particularly in light of the fact that both Burt and I will be out.

Please review. What did I miss? Please provide changes and updates. I reserved a vehicle for us for Wednesday Burt, but we need to chat more about the logistics.

Thanks.
